Summary

I am an Engineering Student. I started Graphic design 4 years ago
now it became my passion.
I love to work with pixels. I have 3+ years of Graphic Design skills. I
am very proficient at Photoshop and
Illustrator. My Linkedin Profile also says that. This proficiency is built
by the amount of time I invested in this
sector.
I do Print-Design, Marketing & Advertising, Package & Product
Design, Signage Design, Image Retouching, and
also all kinds of Photo treatment.
I also have HTML, CSS knowledge with WordPress and JavaScript.
I believe these skills drove me to the right path that I have chosen.
